Dear Ivan

Just a short note to thank you for our last holiday in Sri Lanka .We didn't have much time to say good by at the airport but would like to express both our thanks for a very enjoyable holiday . This was due to a good extent to your helpfulness and willingness to fit in with our wishes particularly as regards stopping for photos and fitting in with our odd habits of walking to various places. We thought the Elephant hunt was quite interesting to! May we wish you every success with your tour business and hope 1999 brings you plenty of trade and customers ,as satisfied as we are . If we return to Sri Lanka in the future , as we hope to do ,we will almost certainly give you a call. Thanks for the greetings card.

Best Regards

Pat & John Mawer
